- e. E-mail, HQ USACE (CECW-ZA), MG Don T. Riley, 15 Aug 06, subject: FY07 Inspection of Completed Works Program Execution.

2. The purpose of this memorandum is to provide direction and establish the priority for use of ICW inspection funds during FY 2007. This memorandum is applicable to all districts and divisions in the U.S. Army Corps of Engineers with Civil Works responsibilities and to project inspection activities funded under the Operations and Maintenance General, Mississippi River and Tributaries and Flood Control and Coastal Emergencies accounts for the inspections of federal and non-federal flood damage reduction projects.

3. The Corps and FEMA are working together to develop a coordinated notification plan for contacting levee owners and informing them of the conditions of their levees, their responsibilities to correct unsatisfactory project conditions, and of the resulting consequences if the project conditions are not corrected. A copy of FEMA's Procedure Memorandum No. 3- Guidelines for Identifying Provisionally Accredited Levees (PAL) is provided as Enclosure 1.
